- Get feedback: from students and community members impacted by your project
- Get creative. Include photos, quotes and etc, from project participants with their permission

#### In the Beginning...

What needs were you trying to address? What were your goals for your programs or activities?

--

**Along the Way...**

What activities did you do? What were some of your greatest achievements?

**In the End...**

What difference did you make? What were your successes and challenges?

**And The Lessons Learned Are...**

Would you do anything differently? What happens next with your project?
