

CONSENT FORM 2026-2027

FULL NAME:

COALITION
NAME:

Purpose: You have been invited to participate in ReACT Montana's teen-led movement to create the first-ever tobacco-free generation, supported by the Montana Tobacco Use Prevention Program (MTUPP). This consent allows ReACT and MTUPP to use captured pictures and testimonies to be shared on program social media accounts and event advertisements.

Procedure: During this activity, you will participate in a youth-led program. This might include attending events in-person or virtually, participating in social media campaigns, etc. You will work directly with the ReACT Program Director, Morgan Kuykendall, on the development, implementation, and execution of ReACT programming. Please reach out to Morgan at morgan@preventionsupport.org with questions. You can choose to participate in different program events or campaigns and stop at any time during the year.

Benefits and Risks: Participation will benefit you, the ReACT program, and your fellow teens across Montana. However, risks may include travel when Montana roads are dangerous in the winter. Attending an in-person event will be up to the coalition's Youth Leader.

Confidentiality and Consent: If you want to participate, please respect other ReACT members' privacy by not disclosing any content discussed during this activity. By signing below, you agree that MTUPP may use your captured photography, suggestions, comments, or any other information you may offer regarding this activity without obligation of any kind on the part of MTUPP. I would also like to let you know that you agree to waive all claims for using your testimonies, captured photography, and comments by ReACT.
